ABOUT THE INSTITUTE

NIDMP, an esteemed institute under the DPIIT, Ministry of Commerce and Industry, Government of India, is a shining beacon of creativity and the institute of national importance. Situated amidst the serene beauty of Acharpura in Bhopal, this captivating campus spans 29.49 acres, blending nature's splendor with cutting-edge technology and innovative design. NIDMP firmly believes in nurturing artistic imagination, lofty aspirations, boundless innovation, and unwavering excellence through quality teaching. With a diverse student body and dedicated staff, it fosters a vibrant and culturally rich environment, where creativity knows no bounds.

NIDMP offers three programs namely communication design, industrial design and textile & apparel design. Students embark on a transformative journey starting with a comprehensive one year foundation course. They then choose their desired program, guided by their passions and achievements. Over the following three years, they delve deep into their chosen field, acquiring profound knowledge and honing their skills.

Upon completion, these exceptional individuals proudly graduate with a distinguished Bachelor of Design degree, a testament to their remarkable achievements and the unwavering commitment of NIDMP. Guided by a learner-centered approach, NIDMP cherishes each student's unique potential, fostering an atmosphere of care and dedication. Simultaneously, it cultivates a spirited environment of healthy competition, fuelling perpetual growth.

ABOUT THE WORKSHOP

Design Shivar 4.0 (2026 Edition) is an immersive and hands-on learning experience curated to introduce participants to diverse domains of design through engaging workshops and creative explorations. The program brings together a range of activities such as calligraphy, clay design, game design, and sketching—allowing participants to experiment with materials, techniques, and visual expression.

In addition, a series of design and inspirational talks by experts will provide valuable insights into the creative industry, encouraging participants to think critically and innovatively. The workshops are designed to nurture creativity, build foundational skills, and offer a holistic understanding of design practices.

(Note: Activities are subject to change based on the availability of resource persons and infrastructure.)
